

ALL ABOUT *Regaine*[®] FOAM FOR MEN

CLINICALLY PROVEN.

Minoxidil is the only over-the-counter active ingredient clinically proven to help stop and even reverse men's hereditary hair loss. It works by increasing the supply of blood and nutrients to your hair follicles.

BE PATIENT, IT TAKES TIME TO REGROW HAIR

Before judging whether REGAINE is working for you, we advise you to use it:

✓ **FOR 16 WEEKS** ✓ **TWICE A DAY**

That's the equivalent of 4 cans!

WEEK 2-6

SHEDDING IS A GOOD SIGN

It may occur for up to 2 weeks. Older hairs are shed to make way for newer actively growing hairs.

WEEK 8

LOOK FOR EARLY RESULTS

Clinically visible results could start at this stage.

WEEK 12

NEW PACK!

You should be at the end of your third can, so remember to replenish.

WEEK 16

VISIBLE RESULTS

9 out of 10 men say they kept or regrew their hair after 16 weeks.

9 OUT OF 10 MEN SAID THEY KEPT OR REGREW HAIR AFTER 16 WEEKS

At first, your hair may be soft and downy, but it should eventually grow as the rest of your hair.

REGAINE[®] is an ongoing treatment, so once you stop using it, the benefits will be lost.
