

# ALL ABOUT *Regaine*<sup>®</sup> FOR WOMEN FOAM

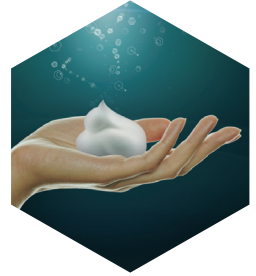

REGAINE<sup>®</sup> for Women Foam is a treatment for female pattern hair loss. It is the **first and only** clinically proven foam for women to **regrow hair**.

## CLINICALLY PROVEN.

Minoxidil is the active ingredient in REGAINE<sup>®</sup> for Women Foam. It is scientifically proven to **reactivate hair follicles** by working deep down in the root.

## IT TAKES TIME TO REGROW HAIR

Revitalised follicles create new hair in as little as 12 weeks.

### WEEK 1

#### ONCE A DAY

Be sure you read the directions. **Apply once a day, every day.**

### WEEK 2-6

#### SHEDDING IS GOOD

You may notice you are losing more hair, this is a good sign! It means that REGAINE<sup>®</sup> is reactivating your follicles, ready to grow new, thicker hair. This shouldn't last more than 2 weeks.

### WEEK 8

#### SECOND CAN

You should be at the end of your first can, so don't forget to replenish. REGAINE<sup>®</sup> is available in a double pack to give you a 16 week supply.

### WEEK 12

#### VISIBLE RESULTS

By this state you may see initial improvements. Clinically visible results can start as early as 12 weeks.

## KEEP GOING, 8 OUT OF 10 WOMEN EXPERIENCE HAIR REGROWTH.

At first, new hair may be soft and downy, but after further use it should become the same as your normal hair.
